AMERICAN ASSOCIATION FOR NUDE RECREATION
• EASTERN REGION •

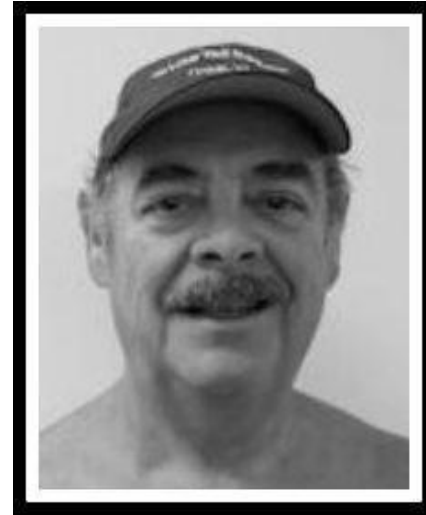

2024 AANR-East Ballot Election

Candidate Profile and Ballot

Take the time and vote today!

Nobody will ever deprive the American people of the right to vote except the American people themselves and the only way they could do this is by not voting. --Franklin D. Roosevelt

PRESIDENT'S MESSAGE

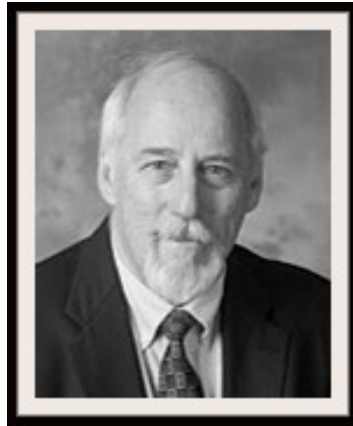

Robert Roche
AANR-East President

As a member of the American Association for Nude Recreation Eastern Region, one of your most important responsibilities is to annually cast your vote. By voting, you exercise the very important right of selecting the individuals that you feel can best represent your views on social nudism. By taking the time to read the statements made by each candidate, you can select the three who you feel will move us toward our vision of promoting and supporting societal acceptance of social nudity in our region.

As most of you have already noticed, members of our organization are becoming more diverse and it is important that we cast a very broad net so that we can effectively communicate with all facets of our audience. We are currently working toward developing ways to communicate on a variety of platforms to ensure our members come to better understand the benefits afforded to them as members of AANR-East. Thank you in advance for taking the time to vote so that we can better serve you, our valued members.

MEET THE 2024 AANR-EAST CANDIDATES...

ALBERT GILEWICZ

is a Direct member and resides in New York.

I have been a member of AANR since 2009 and have visited over a dozen clubs and resorts in AANR East, Mid-West, and Florida Regions as well as Ontario Canada.

I joined the AANR Education Foundation (EF) Board of Directors three years ago and am currently the President of the Organization and a member of the Gifts and Grants Committee and the Financial Committee.

My advocacy initiatives in the EF include modification of the scholarships to three per year, issue grants for artists and started the online annual EF Art Raffle were all supported by the Board and implemented to raise funds, support the overall EF objectives and increase awareness of the benefits of naturism. Current initiatives include establish a AANR member figure drawing (nude) modeling program with a local university, review, and proposed revisions to the By Laws of the EF, potential for joint scholarship with similar minded nudist organizations, and others design to increase awareness of AANR and non-sexual nudism.

Several of these can be found in previous editions of the AANR Bulletin.

My philosophy is based on the fundamental belief that the long term success of AANR and the East Region will be to attract a more balanced and diverse demographic membership at a time when fewer individuals are joining groups or clubs.

LISA MARIE JACKSON

is a Black Naturists Association member and resides in Illinois.

I'm Lisa Marie 'Phoenix' Jackson, a proud Illinois resident and consultant in New York, Washington, D.C., and San Francisco. As a member of the Black Naturists Association (BNA), a non-landed affiliate of AANR, I bring a unique perspective to the table.

My qualifications stem from a lifelong commitment to advocating for nudity through naturist environments and fostering increased diversity within these spaces. I believe that the freedom to be oneself extended through nude recreation, is a fundamental right to every human.

Drawing on my experience as a board member of equity and nature-driven organizations, such as Outerbelt Alliance, dedicated to promoting accessible hiking trails, I am well-equipped for the responsibilities of an AANR-East Director.

For AANR-East, I aim to contribute the valuable viewpoint of a Millennial Black Businesswoman. I am part of broad and diverse networks of like-minded individuals. I am passionate about nude recreation. My goal is to enhance brand awareness, drive membership conversion, and boost engagement within the Association.

Let's work together to ensure AANR-East becomes even more inclusive, representative, and resonant with the diverse tapestry of individuals who cherish the freedom and joy of nude recreation.

SHAUN CARD

is a Black Naturists Association member and resides in Texas.

For the past two years I have been an active AANR-East director. I have served on website committee and several other committees with

committee and several other committees with distinction during the duration of the fulfilled term and have been an active AANR member over the past five calendar years. With my unique background and experiences, I would like your vote to become one of your directors for AANR-East.

I started my naturist journey attending the University of Delaware in the early 2000 during a lost fraternal bet in which the consequences of the loss were to do a campus naked run (un-sanctioned) throughout several dormitories and common areas. Since then social naturism and nudity have been a regular part of my life and source of many friendships and relationships.

A little about me: I'm currently an assistant construction manager for a large multinational manufacturing company and manage construction projects all over the US and overseas. I am an avid tattoo enthusiast, yoga practitioner, and father of two, and enjoy connecting with fellow naturists, AANR members, and nudists at clubs and naturist resorts all over the country (and abroad). I have a great mix of both professionalism and free-spiritedness that would make me a great, if elected, director.

I hope to combine my unique perspective, diverse spirit, and professional background to add value to the AANR-East team. One of my biggest strengths is my flexibility in terms of both being able to bring ideas to the table, but also play supportive roles to existing ideas. My overall goal is to add value and solid support towards AANR-East goals and mission.
